How It Works

1 You and your viewers can email images to a specific email address, set up by your station, that is accessed by Pixelbling. Example: photos@yournewsstation.com

John
Smith

image + text + background

- * No graphics software needed!
- * Anyone can use it!
- * Use images sent in from viewers, reporters in the field, or from your own desktop!
- * Great for airing mugshots, weather pics, birthday photos, and much more!

3 Route your computer as a source to the Director's switcher, and play your slides straight from your PC! It's as easy as that!

Service Plans

Basic This plan gets you just the basics. You'll have the capability to receive and organize your photos, create slides, and play them from your PC onto the air.

- * Receive, organize and store unlimited images in your Image Library
- * Upload one of your own backgrounds
- * Use all of our custom animated screen transitions
- * Use all of our custom-designed backgrounds

6 month subscription: \$
per month
